

## GSFFC Strategy

**Assumptions: Member organizations will sign, aim to complete by the end of June for signatures.**

### I. Introduction

Question to address: Why here? Why now?—Anne, Eytan, Hannah through A-B (2)

(A) Statement of the Problem

(B) Landscape Condition

(1) Ecological issues Ellis, Hannah

(a) Fire history

(2) Social issues Porfirio, Eytan, Krys, Susan/Todd- for fire risk to community.  
Not sure about economic impacts for this iteration.

### II. Treatment/Implementation Strategy

(A) Risk Assessment Steve B. A through C (1)

(1) Risk = balance of fire danger (intersection of susceptibility and hazard) and density of values

(B) Risks/Opportunities/Ecological departures

(C) Data Synthesis

(1) Summarize how we will use the data

(2) Converting data into a set of priorities- all

(D) Approach Susan, Sandy, Hannah, Jose

(1) Work first where opportunity is highest and risk is highest – as per assessment

(2) Work to develop opportunities where risk is high

(a) e.g. NEPA clearance

(b) Working with advocacy groups

(c) work with leaders in fire adapted communities

(3) Work where there are opportunities and risk is moderate

(4) Look for ways to treat strategically- not all acres but most effective acres

(5) Monitor for implementation, effectiveness and to id retreatment needs

(E) How we will work **Alan**

(1) Collaboration and operating principles

(2) Mission, Vision

III. Communications Strategy **Alan and Hannah**

(A) Internal

(1) Operating procedures

(B) External/Public Relations **Alan, Hannah, Mar, Porfirio, Eytan**

(1) Partners should invest in working with the public – this will make us successful

(2) Making communities more comfortable with fire and smoke

IV. Adaptive Management Strategy- **Anne, Steve B. Susan/Todd, Hannah**

(A) Monitoring- need to agree on basic data all partners will collect to track success

(B) Revisiting the strategy and plan – mechanism for updating the documents- remodeling fire and post fire risk,

Notes:

Strategy will be revisited every 5 years

Plan – developed for a 10 year horizon, with an annual review, and updated regularly online
